1. **Automatic line for folding and gluing cartons for packing tomatoes.**

   The following line will consist of the following modules:

- Packing line including below steps:

  - use-by date printer – one system for 2 type of boxes
  - box closing system - hot gluing (system from Buhnen) – one system for 2 type of boxes

- The line dedicated for 2 carton sizes:
  - 250 g, 113 x 85 x 55 mm (length, width, height)
  - 480 g, 175 x 112 x 55 mm (length, width, height)

    2 cm reserve for box changing

    Machine will produce one box size in one time. Changing time – about 30 – 60 min

- In the future the line can be modified for carton sizes like below (additional charge apply)

  - MIN 113 x 85 x 55 mm (length, width, height)

 - MAX 220 x 120 x 80 mm (length, width, height) - depends of box type as well

The whole machine is made of stainless steel INOX 304.

Full compliance with hygiene and safety requirements.

The machine can be washed using water with detergents or commonly used chemicals.

The packing machine is equipped with covers made of UV-resistant polycarbonate and meets the requirements of domestic and foreign occupational safety and health standards.

12- month guarantee.
