

PRODUCT DATA SHEET

Lace

Art no: AD-98

Art no:	AD-98
Size:	7-11
Material:	Bamboo/polyester, Nitrile
Packaging:	12/144
Standard:	EN ISO 21420:2020, EN388:2016, EN407:2020
Category:	II

CAT: II

EN388

4121X

EN407

X1XXXX

Properties

Seamless knitted glove made of bamboo/polyester fibre, coated in nitrile in the palm and over the fingertips. The bamboo fibre have unique properties such as softness, breathability, it's washable and it is naturally anti bacterial. In combination with polyester this glove has great durability. Thanks to the knitting technique and nitrile coating this glove has an extreme grip that works well in precision work.

Material information

The glove is knitted with a 13 Gauge machine which means 13 stitches per inch. The thread is in bamboo/polyester and coated in smooth nitrile in the palm and over the fingertips.

Technical facts: Intermediate design (category II)

EN388:2016

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional) P if approved. Evaluate the importance of each of the properties and how it applies to you as a user.
